

Improve the Health of Your Employees

Sign up for the **Healthy Savings** program today!

Empower your employees to make healthier choices and live healthier lives with **Healthy Savings**.

With Healthy Savings, employees save **25% on their purchases of fresh produce** and over **\$150 per month** on other pre-qualified healthy foods. This program makes finding and saving on healthy foods a breeze, and since everyone eats you can be confident it will have the highest engagement of any health & wellness program you offer.

Healthy Savings can:

- **Help all the members of a family eat healthier**, while taking pressure off the family budget.
- **Provide instant savings**. Members simply shop, scan, and save!
- **Drive results**. Members on the program nearly double their purchases of fresh produce, and engagement rates exceed 70%!

Show your employees you care about their health, their families, and their finances. They will be healthier, more productive, and more committed!

Give your employees savings on foods they should be eating - \$260 on fresh produce and \$1,500 on other pre-qualified products.

"I print out the Healthy Savings deals so I can get what's being offered when I shop. I eat a lot of salmon, chicken, and lean meats, so it's perfect for that."

- Ruth, Healthy Savings member
